## Two Ladies Hospitalized After Being Hit By Pick-up

Two Comanche women, Mrs. C .W. Ripley and her daughter-in-law, Mrs. D. E. Hamilton, were hospitalized after being hit by a pickup truck here Wednesday afternoon.

Condition of Mrs. Ripley, 42, of 600 S. Austin St., was termed as critical Thursday at noon by attending physicians at Blackwood-Mims Hospital. Mrs. Ripley suffered compound fractures of both legs, as well as multiple cuts and bruises and possible internal injuries.

Mrs. Hamilton, 20, also of Comanche, was less seriously injured. She suffered a fractured leg and arm, as well as possible internal injuries.

The accident occured on ice-slick South Austin Street, shortly before 3 o'clock Wednesday afternoon.

The pickup truck, driven by Benton Layman, Rt. 1, Comanche, farmer, was traveling south—the same direction the two women were walking. The Layman pickup was involved in a slight collision with a car driven by Tommy Steele, Comanche High School senior, about 75 yards from the point where Mrs. Ripley and Mrs. Hamilton were walking.

The car and the pickup brushed slightly—which caused the Layman pickup to swerve, and strike the two women. They were knocked some fifty feet from the highway. The Layman pickup, which overturned twice, came to a stop some 75 feet off the highway.

Layman suffered multiple cuts and bruises and is also hospiltaled.

City Police Chief John Shook, Constable Sam Salois, and State Highway Patrolmen W. H. Long and Maurice Couch investigated the accident—and report that the investigation is not yet complete.

Do we do good deeds to receive the praise of men? Or do we do them just for the love of God and humanity?

• •

We think that the motive we should have when we perform acts of kindness is pretty well expressed in a little poem appearing in a recent church bulletin under the heading of CREDITS:

What care I who gets
the credit?
Only let the work be done;
Christ Himself will handle
the credits
With the setting of the sun.

Praise or blame,
what does it matter?
Rise above them every day;
Soul, you'll never win a battle
If you fear what men may say.

While the world is sick
and waiting
For something I can be
Help me, Lord, in stress
and struggle
Just to keep my eyes on Thee.

• •

We are watchers of a beacon
Whose light must never die
We are guardians of an altar
That shows Thee every night.

We are children of Thy freedom
Who sleep beneath the sod
For the might of Thy arms
Our God and our fathers' God.
we bless Thee,

—o—

Man that is born of woman, hath but a short time to live, and is full of misery. He cometh up, and is cut down like a flower; he fleeth as if he were a shadow, and never continueth in one place. In the midst of life we are in death; of whom may we seek for succor, but of Thee, O Lord, who for our sins are justly displeased?

• •

The question came up in a Sunday School class recently as to whether or not a prayer should be for God only to hear or should it also be uttered for the benefit of men?

• •

No decision was reached in the discussion, but it was brought out that many famous prayers have been preserved for years.

• •

One of the most ancient prayers, outside of those in the Bible, that have been preserved, is that uttered by Francis of Assissi, oper 700 years ago and was:

Lord make me an
instrument of Thy grace
Where hate rules,
let me bring love,
Where malace is, let
forgiveness prevail
Where there are disputes,
may reconsiliation prevail;
Where there is error,
let there be truth
Where there is despair,
let there be hope
Where there is darkness,
let there be light
Where there is sorrow,
let there be joy
O Master, let me strive more
to comfort others than
to be comforted
To understand others, rather
than to be understood
To love others more
than to be loved
For he who giveth, receiveth
And he who forgets himself,
finds
He who forgiveth,
receiveth forgiveness
And dying, we rise again
to eternal life. Amen.

—o—

If you want to vote in the City election, the School Trustee election, or the special election to choose a United States Senator to fill the seat left by now Vice President Lyndon B. Johnson, you had better pay your poll tax, if you are subject to one, before February 1.

• •

If you want to run for the Senate yourself, you can do so if you are 30 years of age and are otherwise qualified. The only cost is a $50 filing fee and whatever else you wish to spend in promoting your campaign.

• •

The final date for filing for the Senate race is March 4, one month before the special election which is set for April 4, 1961.

• •

If no person receives a majority in the first election, a run-off election will be held between the two receiving the highest votes.

• •

Candidates already announced include the following, but perhaps not in the order mentioned:

1. William Blakely, now serving as Senator by appointment of Governor Price Daniel to serve until someone is elected to that office. Blakley, rich Dallas oil man, is serving a second appointment period as United States ment period as U.S. Senator. He was appointed Senator by former Governor Allan Shivers when Price Daniel resigned as Senator to become Governor. He voted for Kennedy and Johnson.

2. Jim Wright, Fort Worth Congressman, and former mayor of Weatherford. Wright campaigned actively for the Democratic Kennedy-Johnson ticket.

• •

3. John Tower, Republican, who received nearly a million votes for the Senate seat last fall. A graduate of SMU and the son of a Methodist minister, Tower is 35 years old and is a teacher of political science in Midwestern University, Wichita Falls, which institution recently was made a branch of the Unversity of Texas. Tower supported the Nixon-Lodge ticket last November.

• •

4. Will Wilson, who is serving his third term as Attorney General of Texas. He is from Dallas and is regarded as one of the leading candidates. He is a conservative Democrat who voted for Kennedy.

• •

5. State Senator Henry Gonzales, 44, of San Antonio. He is a Latin American and is a brilliant lawyer. He is strong for civil rights, is a liberal, and a man of power. He voted for Kennedy.

• •

6. Arthur Glover, 44, Amarillo, a certified public accountant.

• •

7. Chester Brooks, 44, Austin. He is an ice cream manufacturer.

• •

8. Maury Maverick, member of a strong political family in Southwest Texas.

• •

8. State Representative Wesley Roberts of Seminole, county seat of Gaines County in West Texas. He is 33 years old.

9. Charles Foreste, Jr., 46, of Elsa, Hidalgo County. He is an oil operator.

• •

10. J. G. Barker of Marshall, in East Texas, the county seat of Harrison County. He is an independent oil operator.

6 6

11. Albert Smith, 59, the only laborer in the race, lives in Normandy, a small town of 500 people in Southwest Texas. He is a retired oil field worker.

• •

12. Van George Jr., 38, a graduate of Texas A&M College. He is the owner of a veterinary supply company in San Antonio.

• •

13. Hugh Wilson, 47, of Port Arthur, a highly educated oil laboratory technician.

• •

There are two or three other announced candidates and prospective candidates who have said in newspapers they are going to make the Senate race. But they will not get their names on the ticket unless they pay their $50 filing fee o nor before March 4. (Just heard a TV report that a woman from East Texas has announced.)

• •

The Republican leaders who are helping sponsor the campaign of John Tower, say they will center most of their attack on Senator William Blakley and Attorney General Will Wilson.

• •

Congressman Jim Wright, 38, has a strong following, especially

• •

in this section and in the Fort Worth area, and he is regarded as one of the strongest candidates. Wright, who has served in Congress for six years, now has the support of the Fort Worth Star-Telegram, which opposed Wright when he was elected to Congress, and which also supported Nixon in the recent presidential race.

There are still some people who think that there are a few things that we can do for ourselves better than the government can do for us, but the number is growing fewer year by year.

• •

Most of us are willing to take whatever the government will give us, but at the same time we

# Indians Upset Hamilton 37-34

Coach Ray Smith's Comanche Indians scalped the heavily favored Hamilton Bulldogs, 37-34 in Hamilton Friday night.

Bill Wheat topped the Indians with 14 points and was the game's top rebounder—gathering more that either 6'8" McCaleb 6'5" Sandell of the Bulldogs.

Jimmy Walker was second high for the Indians with 10 points, followed by Perkins 6 points, Hufstutler, 5 points and Collins, 2 points.

The 34 points, that defensive-minded Comanche, held the favored Bulldogs to was their lowest point total of the season.

When the final buzzer sounded with the Indians ahead, Coach Ray Smith, set a new high jump record from the "sitting position." This was the first time his team had beatten the Ted Jones coached team in two years.

The Indians upset win threw the 8-AA Race in a turmoil—with each team having won at least one game, and osis at least once.

**Maidens Lose**

The Indian Maidens dropped their first game of the season, in district play to Hamilton 47-34.

Barbara Jennings, who has a badly injured ankle saw only 5 minutes of action in the contest. She and SuAnn Henson, who scored 16 points in the game, have been the Maidens most consistant scorers.

The scales of justice might well be called the trial balance.

## Poll Tax Payment Off

A total of 1,086 poll tax receipts had been issued in the County Tax Collector's office here up to January 23, as compared to 2,315 on the corresponding date in 1960, and 1,399 on the same date in 1959.

Tax Assessor-Collector John Beaty Jr. estimates a total of approximately 1,500 will be paid in Comanche County by the end of next Tuesday, January 31, the final date for payment in order to qualify as a 1961 voter.

This would indicate that as many as 700 or 800 people in Comanche County will be disqualified to vote in the three elections to be held this year, including the special election to name a United States Senator, and the regular bi-annual city and school trustee elections.

Some folks condemn the worry habit one minute and the practice it the next.

Some people prefer to be counted out when the time comes to give an accounting.

## Miss Tony Morrison and Mr. Earl Smith Are Married

Candelebra, poinsettias, white mums, and gladiolas formed the background for the double ring ceremony, uniting in marriage Miss Toni Carolyn Morrison and Roy Earl Smith. Rev. Thomas R. Harris, Rector of Church of the Redeemer in Houston, performed the ceremony in All Saints Episcopal Church in Galena Park at 7:30 o'clock in the evening on December 26.

The bride is the daughter of the former Iva B. Barfield and Doyle Eldridge Morrison of 2218 Seventh Street, Galena Park, and the great grandaughter of T. C. Ross, Comanche. The groom is the son of Mr. and Mrs. Leon Smith 16909 Market Street Road, Houston, Texas.

Given in marriage by her father, the bride wore a gown of chantilly lace with white pearl- centered medallions accenting the lavaliere neckline. The full skirt flowed into a modified chapel train. She wore a full length veil of illusion which was bordered with matching lace and fell from a dainty queen's crown of seed pearls.

Lyndall Morrison, sister of the bride was maid of honor and the brides maids were Jeanet and Elaine Smith, sisters of the groom.

Both Mr. and Mrs. Smith are '59 graduates of Galena Park High School. Mrs. Smith was head twirler of the Galena Park High School Band during her senior year. They attended Lamar Tech in Beaumont during the 1959-60 school term where they were members of the famous Cardinal Band of that College.

After a wedding trip to New Orleans the couple will be at home in San Marcos, Texas where Mrs. Smith is a sophomore Education major in Southwest Texas State, and Mr. Smith is a sophomore Civil Engineering major at the University of Texas.

# 30 Years Ago

**FROM THE COMANCHE CHIEF, JANUARY, 1931**
**J. C. Wilkerson, Editor**

Four new county officers and four newly elected precinct officers took the oath of office administered by County Judge W. T. House. With the exception of J. D. Bonner, Justice of Peace, and S. W. Switzer, Constable, it is the first time any of the men ever held elective office.

Bob Haynes, who for the past four years has been chief deputy clerk in the County Clerk's office, assumed his duty as County Clerk. Mr. Haynes was postmaster at De Leon for four years and for a number of years was manager of the De Leon Telephone System. He succeeds Miss Clyde Coan as Clerk.

Frank Howington succeeds Henry Gore as District Clerk. At the time of his election, Mr. Howington was farming near Comanche. For many years Mr. Howington was cashier of the Farmers and Merchants Bank at Priddy.

Dwight Brightman, probably the youngest man ever to hold that office, succeeds J. T. Gilbreath as sheriff, a position the latter has held for six years. Here's a phone designed to play a big role in business offices. Right in this single instrument are all the conveniences of a telephone switchboard.

Six push buttons give you complete control over all incoming and outgoing calls. You can select any of five lines – talk on one while holding calls on others – "buzz" your secretary – or use the phone as an office intercom. Lights in the buttons tell you which lines are busy, which are free.

Our "phone with the built-in switchboard" is another example of how General Telephone works to make the telephone a more convenient and valuable instrument of communications for everyone.

Call or visit our Business Office and learn how little it costs to have the "switchboard" service of a push-button phone.

nt the government to cut down spending.

—o—

This was brought out last week a column in The Ballinger dger, entitled "Just Around wn" written by Ellen Perry, ich read something like this th a few variations:

* *

A young man lived with his rents in a government housing it. He attended public schools, d got a free ride from his home school in the school bus.

* *

He ate at the school lunch om at the cost of about half hat he would have to pay at downtown cafeteria because uch of the food was furnished the school by the government ee of cost.

* *

His text books were furnished ee by the state. These same nd of books used to cost his randfather plenty of money.

* *

He participated in sports which ere financed by the school and he was hurt in an accident hile playing, a school paid hos- tal policy paid for the acci- nt.

* *

When he was graduated from gh school, he enrolled in the ate unipersity where his tui- on and other school expenses, ere about one-fifth of what it ould cost him in a private or hurch school. He also got a job the State capitol from his ate Senator that paid well but quired but little work. He also t a GI education check.

* *

Upon graduation, he married Public Health nurse and her overnment pay plus his GI edu- tion check took care of all the ecessary expense with plenty ft over for entertainment.

* *

The couple bought a home with FHA loan.

* *

Their baby was born in the ty-County hospital. There was cost since the mother was a rse.

* *

When he got sick he entered e Veterans hospital.

* *

He then bought a small ranch th the aid of the Veterans Land ogram.

* *

Later he put part of the land the Soil Bank and these pay- ents soon paid off his ranch.

* *

Soon his father and mother re- red and moved to his ranch here they lived very comfort- ly on Social Security.

* *

Then the young man wrote his ngressman the following lettr: "I wish to protest these gov- nmental excessive expenditures d attendant high taxes. I be- ve in rugged individualism. I ink people should stand on eir own feet without expecting handout. I am opposed to all cial trends and I demand the turn to the policy of State ights."

—o—

Seth Hallmark, who operates a nch in Erath County near ngleville, set out a trap to catch hatever had been killing his ats. He caught a big Golden agle. That explained why he ver could find any animal acks near where he had lost a d or a lamb. It was a huge rd, of a very rare species which e usually found in the ranges the Trans-Pecos region of Texl

—o—

A high school freshman, ask- to define "Heredity", wrote: Heredity means if your grand- ther did not have any child- n, probably your father did not ve any either, and neither will u, probably."

—o—

Someone has said that there just one man worse than a itter, and he is the guy who afraid to begin.

—o—

An efficiency expert is a man ho is smart enough to tell you w to run your business, and o smart to start a business of s own.

—o—

It was just 100 years ago this onth that the Civil War began. his war, sometimes known as e War Between the States, was e bloodiest war we ever fought.

* *

That is, counting the losses on th sides, more Americans were lled in the Civil War than even World War I or World War II.

* *

Most people now agree that the aves should have been set free d that the Negroes should be ven equal civil and political ghts.

* *

But in the Civil War there re other questions involved, , such as local self-government d State rights.

* *

Should the memory of this eat war be forgotten or should memory be honored?

* *

The Texas Legislature thinks re were two sides of this ques- n and that the people who k part in this war a century , on both sides, thought they re fighting for what was right.

* *

o, the Texas Legislature has sed a resolution asking the ple of Texas to observe the iod of 1961-65 as "The Civil r Centennial Period."

* *

The State's program for his- ic preservation will give spec- emphasis to our Confederate d Civil War heritage during the 1961-65 period.

* *

Texas was one of the last of the 11 Southern States to join the Southern Confederacy, due partly to the fact that Sam Houston, who was governor at the time, was opposed to Texas withdrawing from the Union.

* *

It may be hard for Governor Daniel or anyone else, to raise much enthusiasm for the celebration of this period, but there are a few who will be glad to work at it, and pay honor to the memory of the great and good men of the South who took part in this great war.

* *

During the 100 years that have passed since the Civil War, most of the hard feelings between the two sections of the country has passed away.

* *

Purpose of this celebration is to aid and promote this present better feeling between the North and the South, rather than to divide the two. The last of the soldiers of both the "Blue" and the "Grey" have now passed on to the "life after death."

* *

Only a few widows of the Confederate soldiers survive.One of these few is Mrs. Polly Moore of Comanche, who as a young girl married a Confederate soldier, well advanced in age.

* *

During the Civil War "Yankee Doodle" was the fight song of the Northern soldiers and "Dixie" was the fight song of the Confederates.

* *

When we were a boy, wheneper "Dixie" was sung, or a band played that song, everyone stood up and cheered. Today that old song would hardly bring a hand-clap and perhaps only a few of the older people know of its signifigance.

* *

But there are still more people in the South who believe in State rights than there are in any other part of the country.

* *

The celebration is not confined to Texas, but all the 11 States which took part in the Civil War are going to stage a celebration, as well as many Northern States.

* *

The Civil War Centennial not for the purpose of perpetuating any hard feeling between the North and the South.

* *

Purpose of the Centennial is to stress the bravey and noble deeds of all men and women who fought for their cause and then after the war rebuilt their homes, communities and nation, rather than reviewing and re-enacting the bloodshed, strife, and discord of the period.

* *

The governor says that all local observance will be left to the individual State Commissions and local organizations.

* *

Sites of the military events which occured in Texas during the Civil War will be memorialized, but no reenactment of the battles will be planned.

* *

Today's peace and unity, with the president of the United States from the North and the vice president from the South, will be stressed as we honor the memory of people and places once involved in mortal combat for causes in which these people believed.

* *

Texas has two new bcildings at Austin which will be dedicated to the memory of the Confederacy.

* *

One of these is the new State Courts Building at Austin near the fine State Capitol Building.

* *

The other new building is the massipe Library and Archive Building just completed in Austin on State land near the Capitol.

* *

Texas is also erecting an out-of-State monument in memory of the Texans who fought in the Vicksburg Campaign in Mississippi. This memorial is in Vicksburg National Park in Mississippi. It will be completed during the period of celebration and will be one of the finest in that State. It will cost $100,000.

* *

The new State Library and Archive Building at Austin will cost $2,500,000 and will be completed on the eve of the Civil War Centennial period.

* *

Grave markers for all who served on either side in the Civil War are available from the Federal Government.

* *

All counties in Texas are invited and urged to take part in marking the graves of Civil War veterans.

* *

There is already a fine monument in Comanche's Oakwood Cemetery erected to the memory of our Civil War veterans, who lost their lives for the cause of the Confederacy. This was erected many years ago by the women of Comanche under the leadership of the late Mrs. Judge Lindsey and other patriotic women of her time.

* *

We believe that most of the graves of Confederate soldiers in Oakwood Cemetery are already marked. Each year on Memorial Day, the American Legion, under the direction of Armstrong Cox, places flags on all known graves of soldiers, including those of the Confederacy.

* *

We do not know how many graves of soldiers are marked in other cemeteries in the county. But if there are any not marked, this would be a good project for the community clubs.

* *

Governor Daniel declares that the proper observance of the Civil War Centennial can leave favorable imprints in our history for centuries.

* *

For many years, the famous old Land Office Building on the State Capitol grounds was used as a Confederate museum, after the Land Office had been moved to a new building.

For the last few years this museum has been closed. Plans are for the re-opening of this museum in October of this year, and work on the project is now underway.

* *

This old building is beautiful and is representative of the architecture of the last century. It was in this building that O. Henry, one of Texas' greatest writers, wrote many of his famous books and stories when he was working in the Land Office Building.

* *

A series of programs and statewide pilgrimages are being planned for the Centennial. One of the first of these is set for October of this year when a pilgrimage will be made to the State Cemetery at Austin where many Texas heroes and heroines are buried. From Austin, the pilgrimage will continue on to LaGrange about 50 miles to the south, where there are many more historical points of interest.

* *

Further details of the planned Centennial Celebration will be given later.
